

Arrival and Departure of Mails.

Eastern and California Mail arrives at 11:30 a. m., and closes at 2:30 p. m.
Pinal, Globe and Silver King Mail arrives at 12 m., and closes at 12:15 p. m.
Overseas Mails—From 9 a. m. to 1 p. m. to 1:30 p. m., to 3 p. m., to 5 p. m., to 7 p. m. Sundays from 11 a. m. to 3 p. m.

Home News.

Mr. Harold Summers returned to Pinal Wednesday.

Judge Walker, of the Vekol, was in town this week.

The offices at the Court House have been provided with neat new stores.

We were pleased to receive a pleasant call from Mr. Clark, of American Flag, this week.

Mr. Atchley and the Pierson Brothers, of San Pedro, were in town this week, laying in supplies.

Dr. Davis and Louis Bony came down from Butte Thursday to attend the Thanksgiving ball at the Court House.

There are about fifty men at work on the Globe and Casa Grande road and they will soon have the work completed.

Mr. T. K. Anderson, of Butte, is quarantined at the Silver King. He is just recovering from an attack of the mountain fever.

Do you need a nice single-stone diamond ring, worth \$50, for \$20? At Uncle Harris' 221 Kearny Street, between Bush and Sutter.

Faded articles of all kinds restored to their original beauty by Diamond Dyes. Perfect and simple. 10 cents, at all druggists.

Louis Dupuy, the premium talker of the railroad metropolis, sometimes called Casa Grande, was in town this week, swapping jokes with the boys.

Mr. Harry Jones, of Silver King, is out at Mineral Hill, doing assessment work on the claims owned by himself, Robt. Bowen and others.

Mr. Frank Shields, of the San Pedro, while branding a calf, this week, was kicked by the animal and painfully, though not seriously injured.

In our statement of the official vote, last week, we credited seven votes at Sacaton to Mr. Hardesty when we should have credited them to Judge Goodwin.

The citizens of Pinal gave a select ball on Thursday evening, and had a royal good time. One of the most attractive features of the occasion was a superb supper.

Madame Rumor says the Chilson Bros. have sold another mining property in the Casa Grande district for a large consideration. We could not learn the particulars.

Henry Schoenhagen received the solid vote of the county for Public Administrator and no better man could have been selected for the position. He is both intelligent and honest.

Frank Maxfield and Charlie Weiser came down from Mineral Hill this week. They are building an astrata at Mesquite Springs and propose to turn out bullion. We wish them success.

John Ruckelshausen and Johnny Moran came down from Mineral Hill Thursday. The former has completed his assessment work in that district and is well satisfied with the showing his property makes.

Supt. Hellings' son came down from Pioneer, Tuesday, en route to San Francisco. He is in poor health and thinks the climate of the Golden state will agree with him better than the winter weather at Pioneer.

Julius Cerezo shot and killed a man by the name of Rose, at Hastings Friday evening. We could not learn the particulars but understand that there was a woman in the case. The murderer is still at large.

We have been told that a disagreement on the process to be used in treating the ore at the Hastings mill caused the stoppage of work at the mine and mill. We cannot say whether this is true or not, but hope it is.

Mrs. John T. Bartleson entertained a number of friends Thursday and treated them to one of the most complete and palatable dinners we were ever permitted to enjoy. Her knowledge of the cuisine art could not be excelled.

Alfalfa seed in any quantity desired at Ochoa's.

Al. Roberts, of Casa Grande, returned from Tucson this week. While at the metropolis he disposed of a one-quarter interest in an extension of the Jack Rabbit mine for \$2,500 cash. Score one more for the Casa Grande district.

Mr. John T. Bates, of San Pedro, was in town this week, after a load of flour for himself and neighbors. He takes his defeat philosophically. No doubt he would have made an efficient member of the Board had he been elected.

The figs in Fuller's orchard are just beginning to ripen and they are the third crop for this season. The last crop is as large and fine in quality as the first crop was. This speaks well for this valley as a fruit growing section.

Mr. Dodge and wife, of Pinal, passed through here Monday, en route to San Francisco, to spend the winter. Mrs. Dodge is not enjoying good health and her husband thinks a change of climate might prove beneficial to her.

Mr. Joseph Collingwood, we regret to learn, is in a very critical condition and his physician fears that he cannot recover. He is one of our first settlers and his death would be sincerely regretted. We hope that he may pass the crisis safely.

Milton Ward has contracted to cut and deliver at the Butte and Florence road, one thousand cords of wood, for the Pinal Consolidated at \$2 per cord. Other parties have taken similar contracts, so the company will get all the wood they may need at a very low figure.

*Lydia E. Pinkham's great Laboratory Lynn, Mass., is turning out millions of packages of her celebrated Compound, which are being sent to the four winds, and actually find their way to all lands under the sun and to the remotest confines of modern civilization.

Charlie Brown, of Tucson, was here this week and went up to Silver King to look after a promising piece of mining property in which he is interested. Capitalists are negotiating for the property and there is a strong probability of the negotiations terminating favorably.

Choice Fresh Roll Butter received every week at Ochoa's.

As soon as the Globe road shall have been completed the stage company will transfer their four horse coaches to that route, and run a two horse hackboard between here and Pinal as the travel on the latter road will not then justify the company in running four horse coaches.

We were shown this week a magnificent specimen of copper and silver ore from the Coyote mine, located near Riverside. This property has been pretty well developed and shows a great breadth of ledge with a fine pay streak. It is destined to become one of our largest bullion producers.

Hill Dearnit has gone over to the Chahab district to do assessment work on his claims. Hill has good "staying" qualities. He has been clinging to those claims for twelve years and proposes to hold to them through another decade unless he can get his price for them. They are fine properties and worth all he asks for them.

Wagon covers of all sizes. Wall tents 10x14 and 12x14 at Ochoa's.

We erected last week in stating that Master Levi Ruggles was the first white male child born in this valley. Peter Foreback has a son nine years old, who was born here, and Recorder Devine has one seven years old, who was born here. Col. Ruggles' little girl Florence, was the first female child born in the valley, however.

Supervisor Holland is having some work done on the Jones Knob, at Mineral Hill, and the workmen have taken out some ore that assays three hundred dollars per ton. The Knob shows a blow-out near the center of the claim that is several hundred feet through and shows mineral all the way across. It would not surprise us to see the largest ore body ever discovered, struck on this claim.

Just received at J. M. Ochoa's, new importations of shawls, blankets, quilts, ladies felt skirts, cotton and woolen flannels, dress goods of every description, crapes, oil clothes, &c.

Peter Foreback, of Sacaton, was in town Friday. He speaks in the highest terms of Mr. Jackson, the new agent at Sacaton. The latter is a western man and has none of those sentimental ideas of the psalm singer. His administration will be characterized by common sense and we anticipate good results. He understands Indian character and knows how to handle them.

"Blossom Tea" is the natural leaf, uncolored by artificial methods and is pure and wholesome. For sale at J. M. Ochoa's, Florence.

It is again reported that the Silver King company will build a new mill on the river above Florence next year and run a narrow gauge railroad from the river to the mine. No definite steps have been taken in the matter yet, so far as we know, but there is strong reason to believe that some such move will be made some time between the 1st of January next and the following December.

Call at J. M. Ochoa's and examine the celebrated "Blossom Tea." It is the pure quill put in the famous "perfection can."

We owe Judge Davis an apology for a mistake that occurred in our tabulated statement of the official vote of this county published last week. In correcting "proof" a quad was transferred and threw the Judge's majority of 57 in line with our name. We have planted the printer, who made the mistake, under the daisies and decreed that he shall sleep there, "unhonored, unwept and unsung."

*"Little thanks are due to him who only gives away what is of no use to himself." The thanks of invalids the world over are being showered on the inventor of Kidney-Wort for it is giving health to all Kidney-Wort moves the bowels regularly, cleanses the blood, and radically cures kidney disease, gravel, bilious headache and pains which are caused by disordered liver and kidneys. Thousands have been cured—why should you not try it.

A gentleman arrived here from Albuquerque, this week, and lays claim to the horse which was stolen by Shoot-'Em-Up-Dick and subsequently sold to Mr. Garrett, of San Pedro, for \$400. The gentleman claims to have paid \$1400 for the animal and according to the pedigree, which is now on file at the sheriff's office, the horse is worth that amount. He is a Kentucky thoroughbred. We regret to see Mr. Garrett lose his \$400 for he is nearing the sunset of life and can ill afford the loss. He has the reputation of being a worthy man.

Mr. C. W. Fuller returned from Pioneer, Tuesday, with his team and says it is one of the liveliest camps in the Territory. He made the trip from Casa Grande to Pioneer in six days and a half and hauled 6,000 pounds of freight with six animals. He will stop reighting for a while now to put in a crop on his ranch above town. He has one hundred acres under cultivation and raises two crops each year. He raises a wheat crop first and as soon as that is harvested, plows under the stubble and plants corn and beans, both of which mature before frost. That kind of farming pays.

J. M. Ochoa has on hand twenty thousand pounds of good, fresh lime which he offers at \$1.50 per hundred pounds. 34td.

Superintendent Mason, of the Pinal Consolidated, left for San Francisco, Wednesday, to purchase some new machinery for the company. He will return next week and bring with him Prof. Arnet, who will take charge of the smelter. The assistant smelter is already on the ground. The preparations for restarting the furnace have been completed and operations will begin as soon as Messrs. Mason and Arnet return from San Francisco. We feel confident that the furnace will be run successfully under the new management.

We call the attention of Arizonians to the Central Pacific Hotel. This Hotel occupies a block containing 120 rooms, running from 336 to 360 Fourth Street and is the best second-class house in San Francisco. It is centrally located and of easy access to all of the business portion of the city and places of amusement. The price of board and lodging, seventy-five cents per day, makes it the cheapest house in the city. Prompt attention from polite waiters. Water and gas in every room. It's genial proprietor, Mr. Farrell, takes pride in making his patrons feel perfectly at home. Give him a trial once and you will never stop elsewhere.

Jesse Hardesty returned from Globe Wednesday and says the people of that section are urging their representatives to secure the passage of a bill at the next legislature, providing for the establishment of county courts. We advocated this measure during the campaign and are still in favor of it, provided, of course, that it does not increase the expenses of the county. Judge Anderson will look after the matter for this county and therefore we deem it unnecessary for us to discuss the merits of the proposition. He understands the question thoroughly and we are willing to leave it to him entirely, having implicit confidence in his wisdom and judgment.

Blanket lined clothing and woolen underwear at Ochoa's.

The Thanksgiving ball, at the Court House Thursday evening, drew well and was a source of genuine pleasure. It was the opening of the winter season and will be followed by dances at regular intervals till the return of summer. These gatherings are the only social amusement we have, and our people should take pains to make them attractive and enjoyable. It would be proper to suggest in this connection a masquerade ball, for Christmas evening. We have heard a number of persons express themselves as being in favor of such an entertainment and haven't the slightest doubt but that it could be made a success. Costumes could be procured at either San Francisco or Tucson at a moderate cost, we understand. This would be a pleasant way to celebrate Christmas.

Pitted cherries, preserved apricots, Al den apples and peaches. A general stock of Fancy Groceries always kept on hand at Ochoa's.

The new tunnel on the Specie Paying, at Mineral Hill, is all in ore. It runs on the ledge at the north end of the claim over 100 feet below the highest croppings. There is no waste rock in this tunnel; every pound taken out is pay mineral. Taking the ore and ledge matter just as it comes from the tunnel and the average, by assay, is \$42. Considering the quantity, and the latter is the most important feature of a mine, the average is unusual and will make the Specie Paying one of the best paying properties in the Territory. The company has not as yet ten thousand dollars in hard cash which they propose to spend in development work, commencing about the middle of January with a force of fifteen or twenty men and as soon as the mine shall have been thoroughly opened a mill will be put up.

Only one the campaign preparations come to light as the smoke of the contest clears away and some of them are so palpable we wonder that people could have given them credence. One of the gauzy specimens we have yet discovered is a report that was circulated up the San Pedro concerning ourself. It was to the effect that an order had been given for a lot of republican tickets and that we left out the name of Judge Davis and inserted our own. We will make a present of \$100 to any man who will swear that that story is true or had even the slightest foundation in fact. Every ticket printed at the ENTERPRISE office was printed exactly as it was ordered and we dare any man to make affidavit to the contrary. Again, Last Sabbath a gentleman from Silver King informed us that he and a number of his friends had intended to give us their support at the polls, but they were told that we had pledged ourself not to become a candidate and concluded they could not support a man who would violate a pledge. In this, as in the other case, we will pay one hundred dollars to any man who will swear that we made any such pledge. What reason could we have had for doing so or what reason could anyone have had

for asking us to do so? Again. A gentleman told at Silver King that he saw a letter from us to Reynard asking for cessation of personalities. We will also give that gentleman one hundred dollars to swear that he saw such a letter. Now gentlemen, if you want to make a little pocket change and at the same time prove that we have lied, just come to the front. We do not make these statements in a spirit of anger or for the purpose of creating bad feeling, but as a matter of justice to ourself. We do not propose to stand in a false light before our friends. If we have made any misstatements in the above columns of the ENTERPRISE are open to anyone desiring to correct us and we will guarantee them fair and courteous treatment.

PINAL COUNTY RECORDS

Furnished by Jao. J. Devine, County Recorder.

DEEDS.

Benjamin Morgan to Mattie Morgan, all his interest in the following named mines: Bonanza, Braganza, situated in Canon de Oro District, and the Denver mine situated in Empire district.

John J. Devine to Chas. O. Brown, one-fourth interest in the Turner mine, situated about 3/4 of a mile south westerly from the Silver King mine, in Pioneer district, \$1.

Charles Layre to B. J. Draw, one hundred and fifty feet of the Water Jacket mine, situated about 25 miles southerly from Casa Grande station and 300 yards w. of the Reward mine, \$200.

LOCATION NOTICES.

Lockport mine, 1 1/2 m. from Alameta Spring and in what is called the Owl Head district, by Wm. Harvey and M. L. Moran.

Lone Star mine, is situated about 10 m. due n. of Pinal, by John Danbay.

Chas. G. Lewis to W. H. Dempsey, to an undivided 1/2 interest to the Black Prince mine, situated in Pioneer district, \$500.

Laura Delborge to Julius Cerezo, all that certain parcel of land or lot on Pearl street, in the village of Pinal and a certain lot in the village of Hastings, \$800.

William Jennings and Mary Jennings, his wife, to Aaron Mason, all that certain parcel of land, described as follows, to-wit: The southwest quarter of section 35, in township 4, south of range 9 e., Gila and River meridian, \$700.

W. A. Rohardt to Alvin Richson, undivided one-third of the Jack Rabbit mine, situated about 25 m. southerly from Casa Grande station, \$244.25.

MISCELLANEOUS.

Recording diploma of Ralph Palmer. Mechanics Lien.—Charles Whitlow against the Everett mine. Recording brand of Pierson Bros.

A rail for common roads has been introduced in France. It is imbedded in concrete and is flush at the edges with the roadway. From the sides it slopes down to the center, so as to enable the wheels of vehicles to retain their places upon it. The estimated cost is about \$2 a yard.

"RUCHUPAHA." Quick, complete cure, all annoying Kidney, Bladder and Urinary Diseases. \$1. Druggists.
